

# **Installation Instructions**

## **for replacing Case A36524 with this element**

**When replacing Case resin ribbon element G13113 with this new metal covered pleated paper element, a new Case retainer number A36523 will have to be installed. Remove and discard old retainer, Case part number VT3138, and replace with the new retainer. Refer to operator's manual for installation instructions.**

**Once you have used this new metal covered pleated paper element, you may continue to reuse the A36523 retainer indefinitely. It does not have to be replaced with each element change.**
