## PF46269 KIT FUEL FILTER KIT

Baldwin's PF46269 KIT fits on Detroit Diesel 2021-on DD13, 2020-on DD15 and 2020-on DD16 and Cummins 2023 X12 engines. The design of this filter allows for easy filter removal as the extension on the end of the filter helps guide the filter into the housing, eliminating the need to disengage the whole housing.

The included fuel strainer captures smaller particles, not trapped by the filter.
