Revision A

10/29/2019

Initial Release:

- Supports all IX and PC PowerStations, supports 7", 10" 15" and 22" resolutions, supports headless IX.
- Windows 10 Enterprise 2016 LTSB.
- Default User: Parker
- No default password.
- Interact X 4.1.0.1011.
- Added RunDeploymentServer.bat to c:\programdata\microsoft\windows\start menu\programs\startup.
- X41 InteractX project downloaded and set to automatically run at startup.
- Set Deployment Server Application path to: "c:\users\public\documents\applications".
- Set the Tools->Options->Event Log-> Log file Path to: c:\users\public\documents\servermain.log".
- The two above changes are necessary to run InteractX with a non-administrator user.
- PenMount Resistive Touchscreen driver version 1.1.1.24.
- Disable Use Press and Hold as Right Click on PenMount Touchscreen.
- Added HMIAMM.dll version 4.1.0.1012 to address IAX-434.
- Installed Acronis True Image 2016 version 19,0,0,5128.
- Added a Local Group Policy to properly close Acronis.

- Updated Wallpaper to Rev A (Arial 24 font).
- Screen Saver - Off.
- Sleep Mode - Off.
- User Access Control - Lowest Level.
- .NET 4.6.2, 4.0.0.
- Installed Chrome version 77.0.3865.90.
- Installed IE version 11.0.14393.0.
- Updated IE Compatibility Options to run Web Visualization.
- Updated Local Group Policy -> User Configuration -> Administrative Templates -> Start Menu and Taskbar -> Remove Notifications and Action Center to: "Enabled".
- The above change will prevent Windows 10 from showing Security Message popups.
- Renamed ports to LAN1 and LAN2 to match the unit labeling.
- Changed Disk Space Usage – Max Usage to 1%. Batch file in the Parker directory.
